ARIZONA RAY COPPER

26½ Bid; 27 Asked

I consider that ARIZONA RAY COPPER has greater possibilities than Jerome Verde and should be to the great RAY CONSOLIDATED what United Verde Extension is to United Verde.

I was one of the principal organizers of Jerome Verde and sold over a million shares of that stock at from the \$1.00 per share. I did not sell it in the east; I sold it right here to the investors in Los Angeles and California. Jerome Verde is today selling above the \$2.00 mark.

I also sold to the people of Los Angeles United Verde Extension at from 50¢ to \$1.00 per share, now \$4.00 per share.

Every Monday night from now until election has been set aside for a session of this sort, providing tonight's gathering proves a success, and a thorough study of all the measures will be made as near as possible. A general round table discussion led by the attorneys of the town is the plan.

Tonight's meeting will be held in the city hall at eight o'clock, and every voter of this district, regardless of party affiliation, will be welcomed.

NOTICE TO ARCHITECTS
The Board of Regents of the University of Arizona in accordance with the provisions of the laws of Arizona hereby advertises for plans and specifications in detail for a College of Mines and Engineering Building, to be erected upon the grounds of the University of Arizona, near the City of Tucson, County of Pima, State of Arizona.

The sum authorized to be expended for the erection of said structure, including architect's premium and the fee for superintending of construction is the sum of \$150,000. The premium which is to be awarded to the architect whose plans and specifications for said building may be adopted is 2 per cent of the total amount so appropriated.

The architect whose plans and specifications may be adopted, before any premium shall be awarded, therefore, must execute a contract containing the sum of \$150,000, and a sufficient bond with two sufficient sureties thereto, or with an approved surety company as such, in the penal sum of Five Thousand Dollars (\$5,000.00), said bond to be approved by said Board of Regents, conditioned that within sixty days from the date of said bond the said architect will, on presentation to him, enter into a contract containing such conditions and provisions as may be required by the said Board of Regents, and also that he will give such further bond to secure him in the faithful performance of such contract with such sureties as may be required of him, in the event that said Board of Regents should within sixty days require said architect to enter into such contract to erect said structure at the price aforesaid.

The preliminary plans and specifications in detail for such building, including general specifications for said building, information relating thereto, blue prints of suggested floor plans, a map of the University grounds, and pictures of several of the University buildings may be secured on application to Dr. R. B. von KleinSmid, President of the University of Arizona, at his office upon the grounds of said University.

TO STUDY MEASURES AT TEMPE TONIGHT

JAMES R. GARFIELD TO SPEAK AT MESA

That the non-partisan meeting at the city hall tonight when the initiative measures will be discussed will be well attended by loyal voters, is apparent from the interest that has been displayed since the first announcement of the meeting was made. Almost everyone is anxious to learn more of the measures before they cast their ballot for or against on election day, and probably no easier means of becoming acquainted with them could be had than the idea of a public meeting as outlined by the committee.

Every Monday night from now until election has been set aside for a session of this sort, providing tonight's gathering proves a success, and a thorough study of all the measures will be made as near as possible. A general round table discussion led by the attorneys of the town is the plan.

Mesa is fortunate in being included among the places where the Hon. James R. Garfield will speak on the occasion of his visit to the valley next Tuesday, October 10. Dwight B. Heard and C. S. Scott were here yesterday and arranged for the address at the city hall at 2:30 on the date mentioned.

Mr. Garfield is one of the well known public men of this country, the son of a distinguished president and himself the secretary of the interior under President Roosevelt. His position brought him into close touch with the reclamation project of the Salt River valley, on the completion of his visit, Mr. Garfield will discuss national issues and because of his prominence in national affairs will doubtless have a large audience regardless of political affiliations.

BANQUET A SUCCESS
The banquet given Friday night by the business men and their wives to their employees was of very particular success. 138 people gathered at the tables, which covered a large portion of the space in the vacant Cliff building. The supper came a little late but was none the less enjoyed by all. It was nearly ten o'clock when Mr. Marto of Tucson at Phoenix was introduced by Chairman J. W. Lesueur, and began his address. His remarks were of a decided business nature and were a clear cut discussion of salesmanship problems. Following him, Mrs. Walker of the same store spoke briefly on system in business and illustrated her subject by humorous references. Mr. Lesueur in a few words related the aims and progress of the Mesa Trade-at-home League and after a vote of thanks to the Phoenix visitors, the meeting adjourned at 11 o'clock. This was the first of what is proposed as an annual merchants and clerks banquet, and it was conceded by all that the experiment was a success.

RACE THROUGH MESA
The Douglas-Phoenix road race will come through Mesa. So says the city council by its action in raising the roof of the limit during the time of the Nov. 13, the first day of the state fair, the race will be staged and insofar as Mesa is concerned, the route will be from the south end of town along McDonald street to Main, and west to Tempe. The route will be carefully posted prior to the race and the streets put into good condition. It is considered an unfortunate circumstance that the race should be routed through Mesa for no one yet has ever been able to pass through this beautiful little city without stopping off and giving it the once over.

CACTUS RUBBER TIRE
A regular auto tire made of the cactus rubber now being extracted by the newly organized cactus rubber company with the fortable name, has been sent to Mesa by L. B. Johnson and attracted a great deal of attention as prices for the best essays based upon the calendar for 1947 of the Mesa Trade at Home League, and which will be distributed before Thanksgiving.

The picture on the calendar is a scene of the Thanksgiving of the early Puritans wherein they are sharing their feast with the Indian tribes. There will be a first, second and third prize for the eighth and older grades. Similar similar prizes for the first, second and third prizes for the eighth and older grades. The highest award will be fifteen dollars, the next ten dollars and the third five dollars, the same amounts for the grades and high school pupils. Each contestant, regardless of age, will have an equal showing, as six points will be considered in the judging, viz: Originality, neatness, penmanship, general merit, age of contestant and school advantages of contestant.

AFTER the essays are all in and the decisions made, there will be a general program held under the auspices of the Trade at Home League, consisting of music by the schools, reading of prize-winning essays and addresses by citizens. The calendars will have printed on the reverse side the full particulars of the contest.

SELF DEFENSE

HOME FROM BORDER
Captain Edwin M. Laffaron is home from an extended stay on the border. The captain was on the reserve list and after acting for a few days as a recruiting officer was ordered to border duty. He states that while the National Guardsmen are loyal and patriotic, many of them are discontented at having to remain away from lucrative positions without active duty. He spoke highly of the camps and the conditions, stating that the men were well treated, but very restless.

SOME EASY MONEY
The merchants of Mesa have arranged to give away \$50.00 in cash as prizes to the school children of this community. The gifts will be awarded as prizes for the best essays based upon the calendar for 1947 of the Mesa Trade at Home League, and which will be distributed before Thanksgiving.
